MINIMAL FIXED ERGONOMIC KNOB *satin silver*

PRICE
FREE

► **Standard finish** satin silver

INCLUDED ACCESSORIES

- Mounting kit.
- Hinges with soft-close mechanism.

PLEASE NOTE

- ✦ This closing system allows you to open the door comfortably, reducing the risk of marks that may occur when opening the door with your fingers.

MINIMAL FIXED ERGONOMIC KNOB *matt black*

PRICE

+37€ VAT included

► **Special finish** matt
black RAL 9005

INCLUDED ACCESSORIES

- Mounting kit.
- Hinges with soft-close mechanism.

PLEASE NOTE

- ✦ This closing system allows you to open the door comfortably, reducing the risk of marks that may occur when opening the door with your fingers.

PUSH-PULL (no handle)

PRICE
FREE

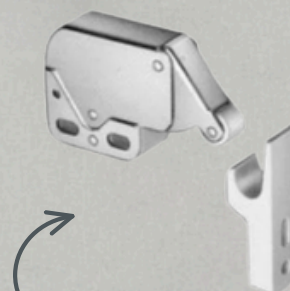

INCLUDED ACCESSORIES

- Mounting kit.
- Hinges for push-to-open systems and/or with 0° opening stop.*

PLEASE NOTE

- ★ This closing system allows the panel to remain completely invisible within the wall and to be opened or closed by applying light pressure on the door.
- ★ This type of closure may require occasional cleaning of fingerprints that can appear when operating the door directly with your fingers.
- * the push panel is equipped with hinges that push the door outward, allowing it to open (push hinges). The secondary door (in the case of double or multiple panels) is equipped with hinges that keep it in the closed position (0° stop).

Invisible push-to-open mechanism for panels and doors
